

Flint Water Response

Food Establishment Compliance List

The following Flint food establishments have received compliance checks and have either been found to be following the requirements for use of City of Flint water as directed by the Genesee County Health Department (GCHD) and the Michigan Department of Agriculture and Rural Development (MDARD) or had initial water samples taken by MDARD with results that had undetectable levels of lead.

Inclusion of businesses on this list does not represent endorsement of the businesses by MDARD, nor does it guarantee food safety at these facilities. The companies listed have demonstrated they are taking precautions to reduce the risk of foodborne illness from water that may be contaminated, as outlined in the Michigan Food Law and Michigan Modified Food Code or have received water test sample results from MDARD with undetectable levels of lead.

Flint food businesses not included on this list are not necessarily out of compliance with Michigan food regulations. Some businesses have not yet received a compliance assessment from food inspectors. Compliance checks are still taking place, and this list is updated as new inspections are done. Food businesses can schedule a compliance assessment by calling MDARD at 800-292-3939.
